10th Army Air and Missile Defense - Theater Specific Individual Readiness Training (TSIRT) Requirements (Pre-Validation)

Pre-Validation Training is the Soldier's responsibility and should be completed prior to arrival at the 10th Army Air and Missile Defense. All tasks are required to the prescribed level of learning (i.e. watch a video, view a briefing, successfully complete an on-line quiz, etc.). If not complete, personal time will be limited. Individuals who arrive at the 10th AAMDC without pre-certification will receive the required training at the unit. Successful completion of each block of instructions provided will render the user a self-validation completion certificate. Soldiers must bring copies of their certificates with them to 10th AAMDC. The 10th AAMDC will ensure that all necessary training is conducted prior to deployment.
